RAIN GEAR 101

STAYING STYLISH

"Rainy weather doesn't mean you should just throw something on," says style expert Cheryl Ann Wadlington. Skip the sweats and baseball hat and instead go with a printed umbrella, slim pants tucked into boots and a fitted coat for a sophisticated look.

CHOOSING A TRENCH

"Get the most wear for your money by investing in a trench in a favorite color, with minimal detailing and a zip-out lining." This ensured you'll have a timeless piece that will work for any season.

Rubber boots like HILARY DUFF's classic Burberry pair are a rainy-day must-have! "Aside from being practical, the right pair can brighten up a gloomy day," says expert Wadlington.
